Graduate Certificate in Project Management

What is it?

The Graduate Certificate in Project Management aims to equip students with a set of tools that will allow them to achieve Project Management Institute (PMI) standards in the project management area, to successfully manage resources, and to analyze, evaluate, and improve complex projects. Specifically, the ability to:

- identify operations problems and implement solutions for improved strategic competitiveness,
- make sound decisions, plan, and control the key resources of an organization - money and people,
- critically analyze, evaluate, improve, or adapt existing technical and/or managerial systems, and
- organize and manage complex projects.

When are the classes offered?

Required core courses:

- IST 6261 (461) Advanced Information Systems Project Management Offered Spring Semester
- EMGT 5320 (361) Project Management Offered Fall, Spring & Summer
- EMGT 6322 (458) Case Studies in Project Management Offered Fall Semester
- EMGT 6323 (461) Global Project Management Offered Spring Semester

Admission:

The graduate certificate program is open to all individuals holding a BS, MS or PhD degree in areas such as business, social sciences, technology, engineering, or related disciplines. In order to receive a Graduate Certificate, the student must have an average graduate cumulative grade point of 3.0 or better on a 4.0 scale in the certificate courses taken. Students admitted only to the certificate program will have non-degree graduate status but will earn graduate credit for the courses they complete. If the four-course sequence approved by the graduate advisor is completed with a grade of B or better in each of the courses taken, the student will, upon application, be admitted to the Master of Business Administration or to the Master of Science in Information Science and Technology. The certificate courses taken by students admitted to the program will count towards the MBA program or the M.S. in Information Science and Technology degree program. Once admitted to the Certificate program, a student will be given three years to complete the program as long as a B or better average is maintained in the courses taken.
