

# Business and Information Technology

## INFORMATION SCIENCE AND TECHNOLOGY

The bachelor of science in information science and technology (IST) is a STEM degree that will provide you with the necessary skills to connect management and technology in today's workforce. Graduates in this field empower organizations by managing and supporting information systems to yield a more efficient and profitable enterprise.

There is great demand for IT professionals who have both strong technical knowledge and broad understanding of business. These individuals are needed to implement and manage technology that supports business processes, managerial decision-making and organizational communication. Although this is a computing-focused program, you'll spend most of your day working with people, not machines. To this end, all IST majors are eligible to receive a minor in business without any additional coursework.

### DEGREE CURRICULUM

#### Information Science and Technology Core

Your classes will include a core set of courses that will provide you with understanding of programming concepts, database management, data science, computer architecture, data networks, information systems design, technology management, and e-commerce.

#### Information Science and Technology Electives

To prepare yourself for a beginning career, you will take at least fifteen credits (five courses) of IST electives. You are encouraged to designate areas of concentration by pursuing one or more of over a dozen minors offered by our department in many popular, high-demand areas.

#### Common Core

You will join your business and management systems classmates in a common core set of classes. These classes reflect the theme of integration of business and technology, and represent information technology, management, quantitative, and communication skills.

#### Experiential Learning

You will be required to engage in an experiential learning activity. These activities are designed to require you to go beyond mastering basic skills and knowledge in the practical application of that material, and allow you to learn in environments that align with your aptitudes.

### POPULAR PROFESSIONS

*(Preparation for some of these careers requires specific courses)*

- Artificial Intelligence and Machine Learning - Algorithm Design, Business Process Revitalization
- Business Analytics and Data Science - Data Modeling, Information Visualization, Business Operations Analysis
- Computer Infrastructure - Network Management, System Administration, Database Design and Management
- Cybersecurity and Information Assurance - Digital Forensics, Security Analysis, Business Continuity Planning
- Digital Commerce - Digital Commerce Business Strategy, Internet of Things, Digital Marketing and Promotions
- Enterprise Resource Planning - ERP System Configuration, Business Intelligence, Supply Chain Management
- Human-Computer Interaction - Usability Evaluation, Interface Design
- Software Systems - Business Applications Design, Web Development, Information Systems Analysis
- Technological Innovation - Digital Transformation, Technological Innovation Management, Industry 4.0

### AVERAGE STARTING SALARIES - CAREER OPPORTUNITIES AND EMPLOYER RELATION STATISTICS

**\$69,731**

Average starting salary for undergraduates as of 2022

**\$74,502**

Average starting salary for MS IST graduates as of 2022

**\$3,584**

Average monthly salary for internships and co-ops as of 2022

# B.S. Information Science and Technology

## Degree Curriculum Effective Fall 2023

NOTE: Current students should consult their degree audit (found online at [mydegree.mst.edu](http://mydegree.mst.edu)) to view their specific degree requirements. Degree requirements change over time. Students are normally held to the requirements in effect when they began their college studies. If you are a transfer student or have interrupted your studies, special rules may apply to your situation.

### I. General Education (37 credit hours)

(1) \_\_\_ Introduction to College Success, BUS 1810<sup>1</sup>

#### Natural Systems (6 credit hours)

(3) \_\_\_ General Psychology, PSYCH 1101  
(3) \_\_\_ Science Elective<sup>2</sup>

#### Human Institutions (15 credit hours)

(3) \_\_\_ History Elective  
(3) \_\_\_ Fine Art, Social Science, or Humanities Elective<sup>3</sup>  
(3) \_\_\_ Principles of Microeconomics, ECON 1100<sup>4</sup>  
(3) \_\_\_ Principles of Macroeconomics, ECON 1200<sup>4</sup>  
(3) \_\_\_ American Government, POL SCI 1200

#### Communication Skills (15 credit hours)

(3) \_\_\_ Principles of Speech, SP&M S 1185  
(3) \_\_\_ Exposition and Argumentation, ENGLISH 1120  
(3) \_\_\_ Intro to Technical Communication, ENGLISH/TCH COM 1600<sup>4</sup>  
(3) \_\_\_ Intro to Web Design and Digital Media Studies, IS&T 4654<sup>1</sup>  
(3) \_\_\_ Technical Marketing Communication, ENGLISH/TCH COM 2560

### II. Common Core Courses (27 credit hours)<sup>1</sup>

#### Information Technology (12 credit hours)<sup>1</sup>

(3) \_\_\_ Introduction to Management Information Systems, IS&T 1750  
(3) \_\_\_ Algorithms and Programming with Java, IS&T 1561  
(3) \_\_\_ Java and Data Structures, IS&T 1562  
(3) \_\_\_ Introduction to Enterprise Resource Planning, ERP 2110

#### Management (12 credit hours)<sup>1</sup>

(3) \_\_\_ Introduction to Management and Entrepreneurship, BUS 1110  
(3) \_\_\_ Financial Accounting, BUS 1210  
(3) \_\_\_ Corporate Finance I, FINANCE 2150  
(3) \_\_\_ Marketing, MKT 3110

#### Entrepreneurship (3 credit hours)<sup>1</sup>

(3) \_\_\_ Business Models for Entrepreneurship and Innovation, BUS 5980

### III. IST Core (18 credit hours)<sup>1</sup>

(3) \_\_\_ Database Management, IS&T 3423  
(3) \_\_\_ Computing Internals and Operating Systems, IS&T 3131  
(3) \_\_\_ Data Networks and Information Security, IS&T 3333  
(3) \_\_\_ Digital Commerce and IoT Analytics, IS&T 4641  
(3) \_\_\_ Systems Analysis, IS&T 3343  
(3) \_\_\_ Introduction to Data Science and Management, IS&T 3420

### IV. IST Electives (15 credit hours)<sup>1</sup>

Select any **five** courses (at 3000-level or above) from IS&T or ERP. Any of BUS 5730, BUS 5910, COMP SCI 4700, COMP SCI 5601 will also count toward this requirement. Optional classes are listed below.

#### Artificial Intelligence, Business Analytics and Data Science

(3) \_\_\_ Business Analytics and Data Science, IS&T 5420  
(3) \_\_\_ Introduction to Information Visualization, IS&T 5450  
(3) \_\_\_ Data Science and Machine Learning with Python, IS&T 5520  
(3) \_\_\_ Machine Learning Algorithms and Applications, IS&T 5535  
(3) \_\_\_ Machine Learning and AI for Business, BUS 5730

#### Cybersecurity and Information Assurance

(3) \_\_\_ Human and Organizational Factors in Cybersecurity, IS&T 5780  
(3) \_\_\_ Privacy and Information Security, BUS 5910  
(3) \_\_\_ Security Operations and Program Management, COMP SCI 5601

#### Enterprise Resource Planning (ERP)

(3) \_\_\_ ERP Systems Design and Implementation, ERP 5110  
(3) \_\_\_ ERP in Small and Mid Size Enterprises, ERP 5130  
(3) \_\_\_ Performance Dashboard, Scorecard, & Data Vis. ERP 5210  
(3) \_\_\_ Intro to Enterprise Decision Dashboard Prototyping, ERP 4220  
(3) \_\_\_ Enterprise Application Dev. & Software Security, ERP 5240  
(3) \_\_\_ Supply Chain Management Systems in ERP, ERP 5310  
(3) \_\_\_ Use of Business Intelligence, ERP 5410  
(3) \_\_\_ Customer Relationship Management in ERP, ERP 4610  
(3) \_\_\_ Introduction to Data Warehouses, IS&T 4444

#### Human-Computer Interaction and User Experience

(3) \_\_\_ Digital Media Development and Interactive Design, IS&T 5680  
(3) \_\_\_ Human-Computer Interaction and User Experience, IS&T 5885  
(3) \_\_\_ Prototyping Human-Computer Interactions, IS&T 5886  
(3) \_\_\_ Human-Computer Interaction Evaluation, IS&T 5887

#### Other IST Electives

(3) \_\_\_ Information Systems Project Management, IS&T 4261  
(3) \_\_\_ Technological Innovation Management, IS&T 5251  
(3) \_\_\_ Fundamentals of Mobile Technology for Business, IS&T 5335  
(3) \_\_\_ Intellectual Property for Computer Scientists, COMP SCI 4700

### V. Quantitative Skills (14 credit hours)

(7) \_\_\_ Mathematical Science Elective<sup>5</sup>  
(4) \_\_\_ Survey of Calculus, MATH 1212<sup>6</sup>  
(3) \_\_\_ Statistical Tools For Decision Making, STAT 3111

### VI. Free Electives (9 credit hours)

(3) \_\_\_ \_\_\_\_\_  
(3) \_\_\_ \_\_\_\_\_  
(3) \_\_\_ \_\_\_\_\_

<sup>1</sup> A grade of 'C' or better is required in these courses.

<sup>2</sup> Science is any course in biological science, chemistry, geology, geological engineering or physics.

<sup>3</sup> Fine Arts, Social Science, or Humanities is any course in art, economics, English, foreign language, history, literature, music, philosophy, political science, psychology, sociology or theater that is not used for other degree requirements.

<sup>4</sup> ENGLISH 1160 may be substituted for ENGLISH/TECH COM 1600.

<sup>5</sup> Mathematical Science is any course in mathematics, statistics, computer science or information science and technology that is not used for other degree requirements.

<sup>6</sup> A grade of 'C' or better is required in this course as a prerequisite to STAT 3111.
